SUBJECT: OFFICIAL OFFER LETTER – CSR-BASED TRAINING & PLACEMENT PROGRAM.

Dear **ARUN KUMAR NAIK R**,

It is with great honor and privilege that we extend to you this formal offer of participation in the Java Stream / Python Stream / Software Testing Stream / Data Analytics Stream / Data Science Stream & Mern Stream Training and Placement Program, governed under the flagship Corporate Social Responsibility (CSR) initiative of Global Quest Technologies. As a forward-thinking and impact-driven EduTech brand, we have designed this comprehensive program to instill industry-standard skills, project-centric capabilities, and career empowerment to selected candidates from premier institutions.

Based on your exceptional merit, performance, and recommendation from our talent identification drive, you have been selected to undergo this program which aims to elevate your technical acumen and professional readiness. This offer stands as a testament to your demonstrated potential and future promise in the technology sector.

The entire training will be conducted in offline mode at our Bengaluru campus, where cutting-edge infrastructure, mentoring support, and career facilitation services await to guide your transition from an academic aspirant to an industry-ready professional.

Program Overview and Duration

Your training tenure will span approximately Three - Four months, incorporating daily in-person classroom sessions, weekend assessments, peer learning, mock hiring cycles, and live project implementation. The structure is immersive and paced in a manner that challenges, nurtures, and builds excellence. Our internal Quality Assurance and Evaluation Board will continually review your performance.

You will be enrolled in either ONE of the below course depending on your area of interest. The curriculum has been meticulously structured to cover both front-end and back-end technologies, system designing, problem-solving, and debugging. Tools like Git and cloud integrations will be introduced progressively.

Course Offered:

- | | | |
|---|---|---|
| ☐ 1. Java Stream | ☐ 2. Python Stream | ☐ 3. Software Testing Stream |
| ☐ 4. Data Analytics Stream | ☐ 5. Data Science Stream | ☐ 6. Mern Stream |

Mode of Training: Offline

Student Note:

1. Candidates opting for the MERN Stack track must first complete the Web Technologies module (HTML, CSS3, JavaScript, and Bootstrap) at GQT.
2. Only upon successful completion of this module they will be eligible to join the MERN Stack batch.

Instructional Design & Placement Support

Each module is designed by domain-specific experts and delivered through a hybrid of lectures, labs, hands-on projects, code reviews, quizzes, and personality development modules. Placement support will be offered to eligible students who meet the internal evaluation benchmarks set by our CSR Training and Talent Transformation Cell. Please note that placement is not guaranteed; however, structured interview opportunities with our network of hiring partners will be arranged for candidates meeting our eligibility thresholds.

Fee Details & CSR-Based Scholarship Structure

While the market value of this full-stack program exceeds ₹25,000, your participation under our CSR program has entitled you to receive a educational scholarship of ₹25,000, reducing your payable contribution to just ₹0.

Terms of Participation and Mandatory Compliance

Participants are expected to demonstrate absolute adherence to attendance, timely submission of assignments, participation in scheduled interviews, and performance in skill-gap assessments. Any breach of these obligations will result in termination of access to certification and placement drives.

You are expected to maintain:

1. Minimum 90% attendance throughout the program.
2. 15mins early to the class.
3. ID card, in premises of GQT
4. 100% assignment submission across modules.
5. Timely completion of internal projects.
6. No involvement in plagiarism, misconduct, or violation of institutional policies.

Data Privacy & Confidentiality Clause

By joining this program, you agree to the responsible usage of your personal and academic data by Global Quest Technologies solely for the purpose of training, placement assistance, and internal analytics. We strictly prohibit unauthorized dissemination or distribution of any internal curriculum materials, proprietary content, or strategic knowledge gained during training. Any such act will be liable for disciplinary action and legal proceedings. No contact details of trainer, contact hr/admin.

Code of Ethics & Disciplinary Action

You are expected to maintain a high standard of professionalism, decorum, and respect towards peers, mentors, and administrative staff. Use of offensive language, misbehavior, cheating, or absenteeism without reason shall be dealt with seriously and may lead to immediate expulsion from the program.

Termination Policy

Global Quest Technologies reserves the right to terminate any participant from the program without refund or further consideration in cases where the candidate fails to comply with program mandates, engages in academic fraud, demonstrates unacceptable conduct, or becomes inactive for more than 5 consecutive working days without prior notification.

Intellectual Property Notice

All course material, including software templates, source codes, architectural references, and documentation shared during this program remain the intellectual property of Global Quest Technologies. Participants shall not copy, share, or publish any proprietary content for commercial or academic use without explicit permission.

Working Hours:

1. Monday – Saturday: Minimum 3 -5 Hours
2. Sunday is strictly holiday.

Grievance Redressal & Contact Protocol

Any complaints or concerns regarding the training quality, assessments, or behavior must be addressed formally to our CSR Grievance Cell via email at **info@gqtech.in**, with proper documentation and evidence. We are committed to resolving every concern in a time-bound and just manner.

Director's Message
